

## **Ridgefield's Residents Must Be Heard.**

As of Labor Day, I have spoken with over 2,000 residents of Ridgefield by telephone, at their doorstep or at community meetings. I meet with First Selectman Rudy Marconi at least weekly.

I think you deserve a State Representative that holds regular, open office hours in town.

You deserve one that conducts Town Forums with voters on the issues of importance to you.

You deserve one that meets with the First Selectman and attends Board of Selectmen meetings regularly, not once in a blue moon.

You deserve one that makes your voice audible at the State House, not one who's spoken on the floor once in the past five years (2014-2018).

You deserve to be heard, to be listened to – and you will be.
